Antifa loons hit with first terror charges for ICE attack part of cell armed with 50 guns: feds

By David Propper NY Post, Published Oct. 17, 2025, Updated Oct. 17, 2025, 8:53 p.m. ET
[Antifa members hit with terror charges part of cell with 50 guns: feds](#)

COMMENT: In previous reporting, In Obscura has assessed with HIGH confidence the unconventional, guerilla warfare deployed by the leftist anarchists. These organizations are working together under the Mutual Aid compact as an axis of sedition, subversion, and overthrow. In this operation, I have already cited the successful attacks on churches, Christians and Congregations that appear to have deployed with great operational skill since at least the reversal of Roe v Wade. These attacks are intensifying. And again I cite the aggressive intelligence, target surveillance if churches and probable clergy and congregations.

“When Must We Kill Them?”: George Mason Student Captures the Growing Violent Ideation on the Left, JONATHAN TURLEY webpage, 19 Apr 2025

<https://jonathanturley.org/2025/04/19/when-must-we-kill-them-george-mason-phd-student-captures-the-growing-violent-ideation-on-the-left/>

COMMENT: The silence and lack of initiative-taking steps to protect Christians is no more graphically illustrated by the immense attacks on churches and associated pregnancy centers which flowed since the reversal of Roe v Wade, nationwide kinetic attacks, planned by anarchist intelligence collection cells. In just 2025 alone, again I warn, numerous detected, most undetected Target Surveillance of Christian churches and related equities has been completed and remain ongoing today. Most are not released by police to media. COMMENT: In Obscura has tried over five years locally to warn the Christian Community, Clergy, Churches, two church security associations, including federal, state, and local law enforcement of the threat intelligence I continue to collect as well as indications and warning. There is no interest in initiative-taking steps based on known attacks and threats multiplying as of this weekly report writing.
