Judges 6:12 ESV And the angel of the Lord appeared to him and said to him, “The Lord is with you, O mighty man of valor.”

PERSPECTIVES 4 NOV 2025

Romans 1:23 and 25...23 They traded the glory of God who lives forever for the worship of idols made to look like earthly people, birds, animals, and snakes...25 They traded the truth of God for a lie. They worshiped and served what had been created instead of the God who created those things, who should be praised forever. Amen.

The Lord placed it in my heart during the night to post this very first Perspective writing. You are more than welcome to contact me using the feature on my website homepage for questions, comments, concerns.

This is my mission field and calling. I have not and will not do this mission of my own efforts. God gets the Glory. I am not motivated by money and have no desire for exposure and grandeur. My fees for services are not established as they will come from prayer and discussion with clients. This mission is my way of giving back to God for what He has done for me. Three times in my life He saved me from death. Any further testimony will come face to face. Onto perspectives, something I have decades experience:

FBI OPERATION AND INVESTGATION OF PLANNED HALLOWEEN ATTACK IN VICINTY OF DETROIT, MI

I downloaded from Fox News and reviewed in detail the Unsealed Criminal Complaint leading to the attack neutralized by arrests of the suspects on probable cause. Please note that this investigation remains open with a recent information release the targets were homosexual night clubs. I have also read the defense attorney's media statements as he prepares to defend his clients. I HIGHLY recommend your review this criminal complaint to gain an understanding of what we are facing in the pre-attack phase targeting churches, clergy and congregations.

While the criminal complaint was unsealed by the Department of Justice and released to the public, BUT the larger part of the operational and investigative effort remains classified at least at the TS/SCI level. The investigation remains open. Fox News shared the Criminal Complaint here. Questions or comments? Please send a message from the contact portal on my home page. The Criminal Complaint:

<https://static.foxnews.com/foxnews.com/content/uploads/2025/11/michigan-halloween-plot-complaint.pdf>

A large Houses of Worship Security Organization (unidentified) posted their analyst's comment concerning the FBI actions with perception manipulation, intentional or inadvertent. It also shows the criminal complaint was never reviewed and there is deep ideological bias while claiming to protect you. Paraphrasing, to not identify the organization:

‘...This case illuminates the challenges of posed in managing and threat by cyber social networks. The FBI's actions were precautionary in how they addressed this incident, yet questions remain as to the government's actions and credibility. Behaviors of the defendants were likely misinterpreted or exaggerated because they were minors. The government should be more about importance of transparent and accurate communication and sharing to prevent confusion and ensure trust...’

Their single source for this assertion? Michigan lawyer says a Halloween terror plot that FBI Director Kash Patel described never existed <https://apnews.com/article/detroit-michigan-halloween-terror-plot-fbi-patel-d4758edbde0b18c19ca7b38f9e836904> They have not read the criminal complaint or other open sources, notably those local to Detroit. This investigation was massive over a long period of time, expedited because of code speak of the attack and the term “pumpkin.” **IF YOU ARE SERIOUS ABOUT SECURING YOUR FLOCK YOU MUST READ THAT CRIMINAL COMPLAINT.**

CONCLUSION

Their analyst's comment was not written by a certified, experienced professional. It evidences a complete lack of depth and field experience. The organization approved its

publication on their website which is concerning. The reader (intelligence consumer, audience) is severely misled.

I assess with HIGH confidence churches, clergy and congregations are targets of attack. In prior reporting I have told you target surveillance (intelligence collection) has been collected for exploitation and attack on churches, most unaware. Most of them are NOT detected or reported because NO ONE has been trained and sensitized. In my prior reporting, I have shown you these reported events. One was the Tactical Intelligence Analysis of the **four** incidents around Pittsburgh, PA, where the local police did not keep quiet and released to media.

Traffic Light Protocol (TLP) Definitions

Color	When should it be used?	How may it be shared?
 <p>TLP:RED For the eyes and ears of individual recipients only, no further disclosure.</p>	<p>Sources may use TLP:RED when information cannot be effectively acted upon without significant risk for the privacy, reputation, or operations of the organizations involved.</p>	<p>Recipients may therefore not share TLP:RED information with anyone else. In the context of a meeting, for example, TLP:RED information is limited to those present at the meeting.</p>
 <p>TLP:AMBER Limited disclosure, recipients can only spread this on a need-to-know basis within their organization and its clients. Note that TLP:AMBER+STRICT restricts sharing to the organization only.</p>	<p>Sources may use TLP:AMBER when information requires support to be effectively acted upon, yet carries risk to privacy, reputation, or operations if shared outside of the organizations involved.</p>	<p>Recipients may share TLP:AMBER information with members of their own organization and its clients, but only on a need-to-know basis to protect their organization and its clients and prevent further harm. Note: if the source wants to restrict sharing to the organization only, they must specify TLP:AMBER+STRICT.</p>
 <p>TLP:GREEN Limited disclosure, recipients can spread this within their community.</p>	<p>Sources may use TLP:GREEN when information is useful to increase awareness within their wider community.</p>	<p>Recipients may share TLP:GREEN information with peers and partner organizations within their community, but not via publicly accessible channels. TLP:GREEN information may not be shared outside of the community. Note: when “community” is not defined, assume the cybersecurity/defense community.</p>
 <p>TLP: CLEAR Recipients can spread this to the world, there is no limit on disclosure.</p>	<p>Sources may use TLP:CLEAR when information carries minimal or no foreseeable risk of misuse, in accordance with applicable rules and procedures for public release.</p>	<p>Subject to standard copyright rules, TLP:CLEAR information may be shared without restriction.</p>
