WEEKLY REPORTING

Authorities Investigating Explosion at Harvard Medical School, Believed To Be Intentional, School, the School of Public Health, and the Harvard School of Medicine.

ANALYST COMMENT: I am monitoring these reports all similar with two images released by Boston PD of two males wearing facial coverings captured by surveillance videos. Oddly the term used here is “intentional explosion.” In using competing hypotheses this may be:

- A planned political terror attack, a message, deliverance of vengeance involving the Animal Liberation Front (laboratory animals)
- As well the time of detonation during the night with few witnesses and presumed chances of overt detection lowest, students with authorized access to the building constructing an explosive device. Over time, using access to the building to maintain and conceal activities, and an accident detonated the device.
- Equally this may have been a prank device gone wrong

ANALYST COMMENT: In Obscura has reported repeatedly about the key role of foreign intelligence services as the control element in all, again, all leftist anarchist operations, in the strategic, operational, and tactical vectors. Across all targets for manipulation and influence across education targets, is targeting the young minds, elementary, middle, secondary and university. An effort decades' operational and with outstanding results in a cultural and values change and misdirection of the targeted American society – for generations. Christianity is a large target and must be subordinated.

When Terror Is Labeled 'Resistance': How New York Became A Platform For Hamas Propaganda, October 31, 2025 | By Steven Stalinsky, Ph.D.* United States | MEMRI Daily Brief No. 859, Middle East Media Research Institute

<https://www.memri.org/reports/when-terror-labeled-resistance-how-new-york-became-platform-hamas-propaganda>

“..Since the October 7, 2023 Hamas massacre in Israel, open support for terrorist organizations has become a disturbing feature of New York's public life. Imams in mosques, Islamist activist groups, and their allies have proudly voiced solidarity with Hamas, Hizbullah, and other U.S.-designated terrorist organizations – not in secret, but in full view, on the streets and across social media. Their message is not one of peace or coexistence, but of hatred, antisemitism, and support for the destruction of Israel...”

Christian Persecution in Nigeria

Donald J. Trump @realDonaldTrump

Christianity is facing an existential threat in Nigeria. Thousands of Christians are being killed. Radical Islamists are responsible for this mass slaughter. I am hereby making Nigeria a "COUNTRY OF PARTICULAR CONCERN" — But that is the least of it. When Christians, or any such group, is slaughtered like is happening in Nigeria (3,100 versus 4,476 Worldwide), something must be done! I am asking Congressman Riley Moore, together with Chairman Tom Cole and the House Appropriations Committee, to immediately look into this matter, and report back to me. The United States cannot stand by while such atrocities are happening in Nigeria, and numerous other Countries. We stand ready, willing, and able to save our Great Christian population around the World!
