IN OBSCURA THREAT INTELLIGENCE WARNING – DON LEMON THREAT COMMUNICATION, 5 FEB 2026

CAVEAT: THIS INTELLIGENCE PRODUCT RELIES ON OPEN-SOURCE MEDIA OR GOVERNMENT RELEASED UNCLASSIFIED INFORMATION. RECOMMENDED ACTIONS ARE INCLUDED FOR CLIENTS FOR INFORMATION AND ACTIONS DEEMED APPROPRIATE.

CHURCH THREAT LEVEL – URGENT

The following threat communication was discovered during intelligence collection of open media reporting. Quoted below, in context with this journalist's prior statements and alleged criminal activity. Among them conspiracy to commit terrorism and then commit terrorism on church property. Also note failing to notify law enforcement of the intentions of this insurgent group when made aware.

Then his emboldening the group during their pre-operational briefing on the way to the target amplifies and deepens the exceptionally grave threat posed by his intentional threat communication.

It is with HIGH confidence that his intent was to deploy insurgents to conduct church attacks with deeper and graphic physical intensity...

"There is a passage in scripture that says, 'The truth shall set you free,'" Lemon wrote, quoting John 8:32... ***"But it does not say it will protect you from cages. It does not say it will spare you the consequences of seeing too clearly. It does not say it will make the powerful comfortable."***

TLP CLEAR – IN OBSCURA CAVEATS APPLY

A ponderous, yet prophetic note here that he and his husband were legally married in a Presbyterian Church.

This threat is quite consistent with very aligned TTP associated with Islamic terror, that of Christian genocide operations, this journalist verbally warns of the intent to imprison Christians in cages and not be comfortable. This statement is a direct and unambiguous threat to Christians. This is also a verbal IED to enlarge and mobilize insurgent targeting and attacks. The use of "cages" and the suggestion of vulnerability "comfortable" is quite obvious and is an admissible out of court statement as evidence of his intentional involvement in this church attack mission.

This threat is also a very brief window into the basic elements of every crime: Mens Rea (The intent of the heart) and Actus Rea (the physical deed of committing that intent into action, compromising his already weak journalistic cover.

The full quote as reported by media source, with my bolded text:

"There is a passage in scripture that says, 'The truth shall set you free,'" Lemon wrote, quoting John 8:32... **"But it does not say it will protect you from cages. It does not say it will spare you the consequences of seeing too clearly. It does not say it will make the powerful comfortable."**

In the connected reports, IN OBSCURA also collected comments of evidentiary value in the below connected reports showing the target intelligence collection against churches nationwide, the surge of attacks over the last five years, including the assassination of a key Christian leader, and this attack on the church in Minneapolis during and part of insurgency operations. In fact, that attack team commented during the livestreamed attacks that this was "...just the beginning..." Immediately following this attack, identified elected officials made clear threat communications directing insurgents to attack more churches.

IN OBSCURA HAS ADOPTED THE OSINT CLASSIFICATION SYSTEM OF DEPARTMENT OF HOMELAND SECURITY CLASSIFICATIONS 'TRAFFIC LIGHT PROTOCOL' RELEASE CAVEATS. THESE REGULATE IN OBSCURA REQUIREMENTS FOR PUBLIC RELEASE TO PROTECT CLIENTS AND IN OBSCURA SOURCES, METHODS, AND TECHNIQUES. IN OBSCURA RELEASE PROHIBITION MARKINGS ALSO APPLY. NONE ARE RELEASABLE TO NEWS MEDIA OR JOURNALISTS WITHOUT WRITTEN REQUEST AND PERMISSION.

=====

REQUEST WRITTEN PERMISSION, EMAIL, PRIOR TO DISSEMINATING ANY IN-OBSCURA PRODUCTS OR INFORMATION. TRAFFIC LIGHT PROTOCOL REQUIREMENTS FOR DISSEMINATION FOLLOW...

Traffic Light Protocol (TLP) Definitions

Color	When should it be used?	How may it be shared?
 TLP: RED For the eyes and ears of individual recipients only, no further disclosure.	Sources may use TLP:RED when information cannot be effectively acted upon without significant risk for the privacy, reputation, or operations of the organizations involved.	Recipients may therefore not share TLP:RED information with anyone else. In the context of a meeting, for example, TLP:RED information is limited to those present at the meeting.
 TLP: AMBER Limited disclosure, recipients can only spread this on a need-to-know basis within their organization and its clients. Note that TLP: AMBER+STRICT restricts sharing to the organization only.	Sources may use TLP:AMBER when information requires support to be effectively acted upon, yet carries risk to privacy, reputation, or operations if shared outside of the organizations involved.	Recipients may share TLP:AMBER information with members of their own organization and its clients, but only on a need-to-know basis to protect their organization and its clients and prevent further harm. Note: if the source wants to restrict sharing to the organization only, they must specify TLP:AMBER+STRICT.
 TLP: GREEN Limited disclosure, recipients can spread this within their community.	Sources may use TLP:GREEN when information is useful to increase awareness within their wider community.	Recipients may share TLP:GREEN information with peers and partner organizations within their community, but not via publicly accessible channels. TLP:GREEN information may not be shared outside of the community. Note: when "community" is not defined, assume the cybersecurity/defense community.
 TLP: CLEAR Recipients can spread this to the world, there is no limit on disclosure.	Sources may use TLP:CLEAR when information carries minimal or no foreseeable risk of misuse, in accordance with applicable rules and procedures for public release.	Subject to standard copyright rules, TLP:CLEAR information may be shared without restriction.
