### CHURCH THREAT LEVEL – URGENT

#### SITUATION REPORT

As the US insurgent operations thrive, the Christian target has seen an elevated operational focus in attacks, followed by psychological perception management (rhetoric) in pointing direct action at churches, but the increased noted is in targeting Christians and Christianity. Directing and implanting and controlling the perceptions of Christianity by the indigenous US and indeed global population. The perception is one of derogatory vitriol, planting of doubt, distrust, suspicion, and accusations that this “Christian Nationalism,” is more than an impediment to the new world order. Vectors used are morality, righteousness, legal structures, the very origin of the United States. In Obscura intelligence collection over the last week, noted:

#### Minnesota Pastor Breaks Silence on Don Lemon

Tyler O'Neil, Daily Signal, February 18, 2026

<https://www.dailysignal.com/2026/02/18/minneapolis-pastor-jonathan-parnell-says-don-lemon-was-terror-church-invasion/>

Former CNN host Don Lemon has pleaded not guilty to federal charges for his role in the invasion of a Minnesota church last month, claiming he was merely covering the “protest” as a journalist, but the church’s pastor says Lemon was “in on the terror.”

Jonathan Parnell, the pastor of Cities Church in St. Paul, Minnesota, had been attempting to read aloud from the Bible when agitators opposing Immigration and Customs Enforcement disrupted the Jan. 18 service. He wrote about the event for WORLD magazine on Tuesday.

Parnell recalled that “several individuals scattered throughout the sanctuary rose together and, like a flash mob, converged with chants and clenched fists.” When the mob shouted, “Hands up! Don’t shoot!” that led worshippers to flee, “fearing it was an active shooter situation.”

The agitators “had stormed into the [house of God](#), a place of peace and refuge, and they defiled it with rage.”

“In that instant, I interpreted what was going on: this was about provocation, intimidation, and spectacle,” the pastor wrote. **“They were here to incite violence. The spiritual dimension of it all came into focus.** A malevolent darkness was behind this—the same darkness behind the murder of pre-born children, and the mutilation of children’s bodies, and the manipulation of children’s minds. Those were all evils our children had escaped, so now the weapon was terror.” “The agitators screamed in our faces and said we weren’t a real church,” he recalled. “They harassed individuals for their ethnicity and ‘uttered all kinds of evil’ against us falsely. They spewed lies upon lies, and our refusal to retaliate seemed only to frustrate them.”

Britain is finished. Listen to this. Christian street preachers are being handed two-year prison sentences for sharing the Bible while mass Islamic prayers are allowed to paralyze public streets with zero state intervention.

This is the systematic dismantling of the nation's heritage and the active displacement of the law to favor a parallel society.

Are Christians now second-class citizens in their own country?

Dem Senate candidate James Talarico appears to suggest the Bible supports gay marriage & abortion because Jesus said to “love thy neighbor.”

“The religious right... they convinced a lot of our fellow Christians that the most important issues were abortion & gay marriage.”

“Two issues that Jesus never talked about.”

**Team Talarico** @TeamTalaricoHQ

[@JamesTalarico](#): For 50 years, the religious right convinced our fellow Christians that the most important issues were abortion and gay marriage—two issues that aren't mentioned in the Bible.

Jesus tells us exactly how we're going to be judged: by feeding the hungry, by healing the sick, and by welcoming the stranger.

Don't tell me what you believe. Show me how you treat other people, and I'll tell you what you believe. Jesus gave us two commandments: love God and love neighbor.

There was no exception to that second commandment regardless of race, gender, sexual orientation, immigration status, or religious affiliation.

Just so we're all on the same page: Derek Edwards is the principal of Asheville High School. He allowed the Party for Socialism and Liberation (PSL) to operate on school grounds with kids, staging a protest against ICE.

The degenerate on the right, 'Cody', is the leader of the PSL in Western North Carolina. This is a Marxist-Leninist organization, previously investigated by the FBI.

The PSL has access to students, their cell phones, their emails, and class schedules. They were allowed to hand MINORS pre-made signs, and then led them in revolutionary chants.

This happened under the principal's watch.

NEW: Bishop Robert Barron calls out AOC for calling Western culture "thin," says she is taking a page out of the Marxist playbook.

"The [Western] culture that gave us all those great figures that gave us the rule of law, that gave us respect for the rights of the individual, that gave us our democratic political system, that gave us the university system... that's thin?"

...

"It concerns me, not just as someone who follows politics, but as a bishop of the Catholic church..."

"Marx himself said the first critique is a critique of religion... The first thing that the Marxist tyrannies went after in most cases was religion."

"I'm getting a little concerned that in some of these leading figures in our own politics, a Marxist philosophy is taking hold."

She adds that even after ten years of organizing, including Cuba solidarity work, she and her comrades “didn’t truly know what it meant to be a part of an international movement” until they visited Cuba for the first time.

She stresses that going to Cuba as a brigadista is “not tourism.” It is “political education.” It is “internationalism in practice,” framed as preparation for struggle back home.

You should see this as explicit cadre formation, with Cuba marketed as a revolutionary finishing school for U.S. activists.

That context matters given that Armed Queers SLC is currently under FBI investigation for connections to Tyler Robinson, the alleged killer of Charlie Kirk.

Royce White    
@Highway\_30

I'm seeing it as clear as day... American Christianity is at a crossroads. Charlie Kirk's assassination was the inflection point. If Christians joined hands to sing only to sit out in 2026, it was all for nothing and a disgrace to Charlie's memory. It's pretty evident now some of these "conservatives" weren't really the Charlie Kirk types and maybe that's why he's no longer with us.

Whatever did happen to that investigation? It's so strange how we float from story to story, one crisis to another. Watching all these Fox News RINOs endorse a pro choice Republican (Michelle Tafoya) is despicable. They're not even hiding. Right up in your face with the bs. I'm done with it, we're not going to play this game. We're going to the mattresses for 2026. No retreat, no surrender. I don't care who endorses who or who says what. Right is right and wrong is wrong.

An estimated 33 million Christian didn't vote in 2024. 1 million in Minnesota alone. That's the "coalition" this country needs now. Any movement back to the left is a movement back toward the problem. The problem with America is apathetic Christians!

The Church of England has voted 252 to 132, with 21 abstentions, to cease efforts advancing LGBTQ acceptance in the church (along with blessing same-sex-marriages) after consensus between conservative and liberals could not be reached.

This is a major blow to the progressives.

Democrat Rep. Steve Cohen says America needs saving from "white Christian nationalism."

"We're talking about Sharia Law? ...There's so much we could be dealing with the constitution and protecting America. White Christian nationalist ideology has been put forward..."

## Traffic Light Protocol (TLP) Definitions

Color	When should it be used?	How may it be shared?
<p><b>TLP:RED</b></p>  <p>For the eyes and ears of individual recipients only, no further disclosure.</p>	Sources may use TLP:RED when information cannot be effectively acted upon without significant risk for the privacy, reputation, or operations of the organizations involved.	Recipients may therefore not share TLP:RED information with anyone else. In the context of a meeting, for example, TLP:RED information is limited to those present at the meeting.
<p><b>TLP:AMBER</b></p>  <p>Limited disclosure, recipients can only spread this on a need-to-know basis within their organization and its clients. Note that <b>TLP:AMBER+STRICT</b> restricts sharing to the organization only.</p>	Sources may use TLP:AMBER when information requires support to be effectively acted upon, yet carries risk to privacy, reputation, or operations if shared outside of the organizations involved.	Recipients may share TLP:AMBER information with members of their own organization and its clients, but only on a need-to-know basis to protect their organization and its clients and prevent further harm. Note: if the source wants to restrict sharing to the organization only, they must specify TLP:AMBER+STRICT.
<p><b>TLP:GREEN</b></p>  <p>Limited disclosure, recipients can spread this within their community.</p>	Sources may use TLP:GREEN when information is useful to increase awareness within their wider community.	Recipients may share TLP:GREEN information with peers and partner organizations within their community, but not via publicly accessible channels. TLP:GREEN information may not be shared outside of the community. Note: when “community” is not defined, assume the cybersecurity/defense community.
<p><b>TLP: CLEAR</b></p>  <p>Recipients can spread this to the world, there is no limit on disclosure.</p>	Sources may use TLP:CLEAR when information carries minimal or no foreseeable risk of misuse, in accordance with applicable rules and procedures for public release.	Subject to standard copyright rules, TLP:CLEAR information may be shared without restriction.
