ANALYST COMMENT

This congressional hearing again emphasized the deadly threats posed by the Insurgents, which INOBSCURA has warned in raw and analysis reporting. The use of TTP and intelligence collection tradecraft and the assertion that foreign intelligence services control of these insurgent operations inside the U.S. by USPER which are also targeting churches, clergy and congregations INOBSCURA has warned repeatedly is captured briefly, graphically and most importantly in an unclassified explanation. The reader is warned that this is active and deadly and that churches, clergy and congregations are targets, which will be attacked because enemy target collection is complete.

NOTE THE BRIEF UNCLASSIFIED RELEVANCE TO CARTELL TTP. YES THEY ARE PART OF THIS INSURGENCY BECAUSE THEY WERE TRAINED BY JIHAD.

“...Senator Johnson explained that cartels use similar tactics in Central America, to intimidate Police Chiefs....

Senator Johnson: “Talk about the violence, the threats, the doxxing against ICE officers.”

Director Lyons: “It’s day-to-day. As an instructor for the State of New England, I covered all of New England. If you look at the beginning of operations, the week beginning January 20th (2025) up until April, ICE officers and agents were not masked. But it’s bad.

I will use myself as an example. The week Charlie Kirk was assassinated, there was a tweet that went out that said kill Charlie Kirk,....kill Todd Lyons. Yesterday, after my testimony on Tuesday (Feb. 10th House Oversight Hearing), **I went back to numerous death threats against my family.**

There is a videotape of my wife walking to work that people actively posted. The cartels have actually posted the schematics (floorplans) of my home. ICE agents feel that every day. We actually did an operation with the Secret Service where we identified doxxers who put up on telephone poles, the home addresses, and the schools where ICE Officers and Agents went to (schools where they take their own children).

I don’t want my officers masked. I would work with this committee and any committee to work with holding individuals accountable that doxx ICE agents. The threats against their families are real.”

Shortly before Mr. Lyons testimony, Senator Johnson made the following disclosure: Down in Central America, I found out that when you become a new Police Chief, you get a DVD video from the drug cartels showing your children and wife going to school, and church. It’s an explicit threat – hands off – or we’re going to do something. It appears the heinous & evil tactics used by criminal barbarians in 3rd world countries are now officially here in the United States of America...!”

INOBSCURA REPORTING IS HERE <https://inobscura.org/tlp-c-threat-intelligence-optempo-actionable-tdx-expedite-to-clergy/>

The blatant failure and refusal of many Christians as these operations continue to mushroom globally, and successfully in America is yet again confronted by INOBSCURA and my reporting stands on its own. More than adequate, passionate indications and warnings have been published and disseminated. I again warn, ninety percent of churches have been identified, intimately, through my professional acumen, enemy target surveillance and intelligence collection. Ninety percent of you did NOT detect it because you have never been trained, authorities have never shared threat information, or you simply ignored it and refused to act. This is my experience; shunned, rejected. And we see how these attacks have continued with recent calls for even more to come. The halls of US government are infiltrated no different than Biblical times.

This ISGAP briefing document provides an overview of Congresswoman Rashida Tlaib's longstanding affiliations with individuals and organizations tied to designated foreign terrorist entities, most notably Hamas and the Popular Front for the Liberation of Palestine (PFLP). As a sitting member of the United States Congress, Tlaib's repeated engagement with figures who promote, or excuse terrorism and antisemitic ideology presents a challenge to the integrity of democratic institutions, congressional ethics, and national security.

Since entering Congress in 2019, Tlaib has actively used her public platform to amplify voices that justify political violence, delegitimize the State of Israel, and promote narratives aligned with Islamist movements. Her conduct is not limited to rhetoric; it includes

[IN OBSCURA THREAT INTELLIGENCE WARNING – DON LEMON THREAT COMUNICATION, 5 FEB 2026 - In Obscura LLC](#)

Remember the state mission in attacking this church, the Pastor who is a senior ICE Special Agent of the Minneapolis Field Office. There's no information of his location at the time of this attack. I can assure you he was under enemy surveillance as well as his home and family by an intelligence cell.

The facts are quite clear, and INOBCURA is clear in assessing this as a terrorist attack, including the extension of the fear core of terror by Don Lemon inferring Christians to be put into cages.

INOBCURA acumen and professional background in addressing the threats has again made a very clear, corroborated direct nexus between the targeting of Christianity and my previously predicted Insurgency and Guerilla Warfare developing in the U.S.

Every church in America needs armed security

By [Dillon Burroughs](#), Op-ed contributor Tuesday, February 10, 2026

<https://www.christianpost.com/voices/every-church-in-america-needs-armed-security.html>

ANALYST COMMENT

The author, affected by his research of the raw reality most have chosen to ignore bears down on the vital need for faith, courage and the command to protect the sheep. Most also mock and gossip about “The Crusades,” but have never once studied them. He notes in an unexpected alignment with IN OBSCURA. He does not include the church and pregnancy center bombings and arson attacks following the Roe v Wade reversal and the espionage that leaked Supreme Court government documents to THE VERY SAME INSURGENCY GROUPS.

TESTIMONY ON INSURGENT INTELIGENCE COLLECTION AND TARGETING

“...Yet many churches still operate as if none of this could ever happen to them. That false sense of security is deadly. Some object to armed security on theological grounds, arguing that Christians are called to turn the other cheek. But turning the other cheek speaks to personal vengeance, not the responsibility to protect innocent life. Jesus rebuked Peter for using a sword to advance a political revolt, not for the mere possession of a weapon. In fact, in Luke 22:36, Jesus told His disciples, “If you don’t have a sword, sell your cloak and buy one.” He acknowledged that dangerous times require readiness. Scripture consistently affirms the moral duty to defend the innocent. Nehemiah armed workers rebuilding Jerusalem because enemies threatened their lives. They worked with one hand and held a weapon with the other. God did not condemn this. He blessed it...”

ROANOKE, Va. (WDBJ) - Members of Refreshing Church arrived Sunday morning expecting a time of worship. Instead, they were met with flashing lights, police tape, and an active [crime scene](#) in the church's back parking lot. "It's just something that you don't expect to happen at a church, but more and more we realize it happens everywhere," said Tammy Hash, a member of Refreshing Church. "So we got to stay prayed up and remember to stay safe and always be aware of your surroundings."

Roanoke Police say they responded around 9 a.m. Sunday to the 2000 block of Carroll Avenue Northwest. Inside a car, officers found two men suffering from gunshot wounds. Both were pronounced dead at the scene.

La Crosse police warn of gift card scam targeting church members

Police are warning residents about a new scam where criminals impersonate local religious leaders to steal money through gift card purchases. Two people have fallen victim to the scheme, losing a combined \$2,300, according to local authorities. The scam calls continue to target the community. **The fraud works by scammers researching church information online, including pastor names and contact details. They then call congregation members claiming to be their pastor.** "People will go on websites and find church information, pastor names and information, and I believe in this situation he called and said, 'Hey, I'm the pastor from the church looking to buy gift cards for the underprivileged. Can you go out and buy these for me?'" said Capt. John Wenger.

Once someone purchases the gift cards, the scammer asks for a photo of the card or requests the victim share the card information over the phone. This gives the criminal access to the funds. Police are urging residents to verify any unusual requests, even if they appear to come from trusted community leaders.

Inside the alleged forced labor, laundering scheme run by church leaders in Michigan, other states David Taylor, Michelle Brannon face multiple federal charges

Forced labor, terror through text messages, and denied food and sleep all to support a luxury lifestyle. That's the case the U.S. Attorney is building against a Taylor man and his business partner. Text messages outlined the indictment against Taylor and Brannon paint a chilling picture of the abuse endured by the alleged victims, who were forced to work in the ministry's call centers.

"Nobody gets lunch or dinner! You're going to press for another five hours. Make sure one eats until these numbers change," one text wrote.

Taylor allegedly threatened to make call center workers stay up until 4 a.m. In another message, he allegedly threatened to put workers on a regimen of only peanut butter and jelly.

Church members who didn't comply were allegedly punished with physical and verbal abuse that would last for hours. The indictment stated that victims were punished if they didn't meet Taylor's donation quotas. Court documents revealed that they forbade relationships and punished workers for disobeying this rule, and "isolated workers from the outside work by breaking up marriages and other relationships."

@Highway_30

I'm seeing it as clear as day... American Christianity is at a crossroads. Charlie Kirk's assassination was the inflection point. If Christians joined hands to sing only to sit out in 2026, it was all for nothing and a disgrace to Charlie's memory. It's pretty evident now some of these "conservatives" weren't really the Charlie Kirk types and maybe that's why he's no longer with us.

Whatever did happen to that investigation? It's so strange how we float from story to story, one crisis to another. Watching all these Fox News RINOs endorse a pro choice Republican (Michelle Tafoya) is despicable. They're not even hiding. Right up in your face with the bs. I'm done with it, we're not going to play this game. We're going to the mattresses for 2026. No retreat, no surrender. I don't care who endorses who or who says what. Right is right and wrong is wrong.

An estimated 33 million Christian didn't vote in 2024. 1 million in Minnesota alone. That's the "coalition" this country needs now. Any movement back to the left is a movement back toward the problem. The problem with America is apathetic Christians!

Rep. LaMonica McIver asks Acting ICE Director Lyons:

"How do you think Judgement Day will work for you with so much blood on your hands?"

Lyons: "I'm not going to entertain that question."

"Of course not. Do you think you're going to hell?"

When called out by Chairman Garbarino, McIver defended her questions.

"Mr. Chairman, I'm just asking a question. You guys are always talking about religion and the Bible..."

The video shows a woman with long dark hair wearing a headset, speaking. The video player has a progress bar at 1:31 and a volume icon. The tweet text reads: "We are the Freedom Road Socialist Organization. We are a group of revolutionaries who want to turn this country upside down." This is one of the groups increasingly supplying tactics and leadership inside the anti-ICE movement. My latest for @CityJournal! The tweet is dated 9:23 PM on Feb 9, 2026, and has 5,138 views. Philadelphia woman GOES NUCLEAR on the City Council, quoting Bible verses.

"Woe to you, elected officials of the law. You are hypocrites."

"Woe to you that claim to be representations of God but support legislation that is against him."

"Woe to you that continually say the ice out because in these streets it's being interpreted as illegal immigrants are in and that this council cares more about illegal immigrants than the American citizens in this city."

AMAZING!

INSANE--Virginia is officially attempting to uniquely criminalize Islamophobia as both a "hate crime" and "assault and battery" under state law.

The bill, introduced by Senator Saddam Azlan Salim, defines "Islamophobia" as "malicious prejudice or hatred directed toward Islam or Muslims." This applies, for the record, even if the victim isn't actually Muslim.

So... genuine question--if you say that the radical Islamic terrorists that crashed a plane into the Pentagon HERE IN VIRGINIA 25 years ago were evil, are you likely to be prosecuted for it? 🤔

I have so many thoughts 🙋
