### **IN OBSCURA COMMENT**

The Government of Iran, over the decades has established and maintained hundreds of proxy terror groups across the globe to act in various combat and combat support functions from intelligence, supply/logistics, control of anarchist groups to direct action attacks again, worldwide. So much of Christian persecution and genocide, including that internal to the United States, is very, very active. The Red Green Alliance is the merger of Communist and Islamic terror and insurgent groups controlled by foreign intelligence services. Islamic Clergy, government officials and terror groups have engaged in Judeo-Christian genocide for over 20 years and the public facing statements during sermons and talks shows should be a very clear signal of intent, opportunity and capability to manifest the threats into action.

It is In Obscura's analysis and assessment with high confidence that the internal threat environment, the insurgency in the U.S. has been a combined strategic effort of Iran, Russia and China; their proxy groups and recruited assets to influence and manipulate American's outlook, values and perspective of their national security

A little-known Islamist group has claimed a string of attacks on Jewish sites and Western financial institutions across Europe since early March. Calling itself Harakat Ashab al-Yamin al-Islamia (HAYI) Arabic for the Islamic Movement of the Companions of the Righteous -- the group is believed to have links to Iran.

The working assessment among Western security services is that HAYI is either a construct aligned with Iran's Islamic Revolutionary Guards Corps (IRGC) or an opportunistic network operating within the broader pro-Iranian online ecosystem -- a distinction that, for now, investigators have not resolved.

HAYI's Telegram channel was established two years ago but remained dormant until March this year. "It only became active, and began operating, in March this year," Kacper Rekawek, a researcher at the International Center for Counter-Terrorism (ICCT) in The Hague, told RFE/RL. a researcher at the International Center for Counter-Terrorism (ICCT) in The Hague, told RFE/RL.

Its activation followed the initial US-Israeli strikes on Iran on February 28, after which Europol warned of an elevated risk of attacks in Europe targeting Jewish and American-linked sites. The group's first confirmed attack was an improvised explosive detonated outside a synagogue in Liege, Belgium, on March 9.

In the weeks that followed, HAYI claimed responsibility for attacks in at least four countries: an explosion outside a synagogue in Rotterdam, damage to a Jewish school in Amsterdam, an arson targeting Jewish community ambulances in north London, and a foiled bombing outside a Bank of America branch in Paris<sup>12</sup>.

### **Jewish volunteer ambulances set on fire outside London synagogue in antisemitic attack**

By Laila Shahrokhshahi, CNN Expansion London 04/23 Clare Sebastian, Lianne Kolirin, Laura Sharman, Lex Harvey

<https://www.cnn.com/2026/03/22/uk/attack-ambulances-london-golders-green-intl-hnk>

Several ambulances belonging to a Jewish volunteer rescue organization were set on fire outside a synagogue in a neighborhood home to London's largest Jewish community early on Monday, in an antisemitic attack. Flames lit up the night sky and residents of the northern suburb of Golders Green were woken by loud explosions, as dozens of firefighters rushed to the area.

Counter-terrorism police are leading the investigation into the attack even though it has not yet been deemed a terrorist incident, police said during a press conference on Monday morning. An Islamist group called Harakat Ashab al-Yamin al-Islamia has allegedly claimed responsibility for the attack. It posted a video on Telegram showing the location of the incident and footage of the ambulances in flames.

Yesterday in a Ferndale-area neighborhood, it turned tense when a report of gunfire ended with a shattered church entry and a search for answers.

Troopers responding to the area of Cloverdale Avenue and Woodside Avenue found the front glass door of God's Grace Missionary Baptist Church blown out, with shards scattered across the doorway, authorities said. The incident happened around lunchtime, and investigators said no one was hurt. No suspects were identified at the scene, and officers are canvassing nearby streets while asking neighbors to review home surveillance or doorbell video for anything that might help the investigation.

WIMAUMA, Fla. (WFLA) — A former parishioner of the Wimauma Community Church of God was arrested Monday by the Hillsborough County Sheriff’s Office on multiple attempted murder charges following a heated confrontation that led to a shooting.

Leo Palacios, 60, of Wimauma, is accused of berating his pastor and others while they were fishing on a nearby lake, before opening fire on the four in their boat. Prosecutors seek death penalty for St. Pete mother accused of suffocating son “He raised his gun up, fired four shots before we could do anything,” said Pastor Matthew Dyer. According to church leadership, Palacios was removed from services in the past and asked to find a new place of worship after “repeated disruptions.”

A flyer is circulating on an Arizona Antifa site promoting a planned confrontation at an upcoming Trump/@TPUSA event.

Date: April 17, 2026 Time: 12:00 PM Location: Dream City Church, Cave Creek, Arizona

The flyer contains the following:

The phrase "Break the Red Wall" as its central message.

Anarchist slogans including "No Gods No Masters No Borders" and "If we win we win for generations." A defaced image of the President.

The instruction "Expect militias, expect teargas, bring an IFAK" - an Individual First Aid Kit used in tactical and combat settings. Direction to park in residential neighborhoods along North Cave Creek Road, away from the venue. Explicit hostility toward TPUSA and the President.

This event takes place seven months after the assassination of Turning Point USA founder Charlie Kirk at Utah Valley University on September 10, 2025.

Gordon Robertson warns that the rise of radical Islam is wiping out ancient Christian communities, pointing to Nigeria, Syria, Iraq, Afghanistan, and beyond. He says communities that date back to the early days of Christianity are under threat, as violent ideology spreads that is “designed to wipe out all unbelievers.”

Robertson urges believers to recognize the moment for what it is. “This is a battle, an incredible battle,” he says, warning that “lives are at stake.”

Calling it “an incredible evil that’s been unleashed in the world,” Robertson urges viewers to “wake up to that threat,” warning it is “a very present danger to Christians, not just there, but around the world.”

Cardinal Robert Sarah is facing backlash from the religious community over his warnings about Islam.

The Cardinal urges Christians to "Wake up," and says if we don't do something now, "Islam will take over the West."

Should Christians heed his warning? 

**"Wake up. Islam is a danger. If Christians don't start caring about our faith, Islam will take over the West. They'll impose their laws and culture. They'll grow massively in number. And we will decline."**

**BREAKING: Heavily armed US Capitol Police officers are RACING to a reported shooting in the vicinity of a high-ranking US government official in Washington, DC's Navy Yard**

The black SUV seen in the video is an armored Chevrolet Suburban used by leaders of Congress and members of the President's cabinet.

It is UNCLEAR if this was a targeted attack, but the alleged shooter is NOT in custody, and police are searching the area.

I personally witnessed that official be EXTRACTED via undercover Capitol Police officers, protected by uniformed officers carrying long rifles

I will not name the official without their express permission, as I don't want to dox their home.

Other officers can be seen sweeping the area for evidence like shell casings.

Will update when I have more details.

**TERROR IN THE CONGO**

**URGENT:** Christians flee the Islamist hell in the Congo while the world remains silent.

In the remote hills of Bafwakao, in the turbulent province of Ituri in the northeast of the Democratic Republic of the Congo, a group of ADF militiamen, the African arm of ISIS, burst into a peaceful Christian village just a few days ago armed with machetes and torches, leaving a trail of fire and panic that forced nearly 45 Christians and their families to flee in desperation.

As the victims tried to save their lives amid burning huts and the roar of fleeing motorcycles, the rest of the planet with its media and organizations continues to ignore this new chapter in a persecution that has been devouring entire Christian communities for years in the heart of Africa.

Let us pray for our African brothers! 🙏

This German nun says Islam is a threat to the rest of humanity. She went with several Christian volunteers on a rescue mission to Iraq and Syria to buy Christian and Yazidi girls who were put on sale by ISIS as “sex slaves.”

She managed to save many women and minor girls who suffered inhumane abuse and torture as ISIS sex slaves.

Sadly, most mainstream media outlets in the West never gave her a platform. Unsurprisingly, Muslims in the West try to censor her voice while condemning her and raging against her freedom of speech for allegedly committing “Islamophobia” hate crimes.

She refuses to stay silent on what she witnessed. Do you support her right to criticize Islam and damage its false image as a “religion of peace” even when Muslims in the West cry “Islamophobia”?

### Traffic Light Protocol (TLP) Definitions

Color	When should it be used?	How may it be shared?
 <b>TLP:RED</b> For the eyes and ears of individual recipients only, no further disclosure.	Sources may use TLP:RED when information cannot be effectively acted upon without significant risk for the privacy, reputation, or operations of the organizations involved.	Recipients may therefore not share TLP:RED information with anyone else. In the context of a meeting, for example, TLP:RED information is limited to those present at the meeting.
 <b>TLP:AMBER</b> Limited disclosure, recipients can only spread this on a need-to-know basis within their organization and its clients. Note that <b>TLP:AMBER+STRICT</b> restricts sharing to the organization only.	Sources may use TLP:AMBER when information requires support to be effectively acted upon, yet carries risk to privacy, reputation, or operations if shared outside of the organizations involved.	Recipients may share TLP:AMBER information with members of their own organization and its clients, but only on a need-to-know basis to protect their organization and its clients and prevent further harm. Note: if the source wants to restrict sharing to the organization only, they must specify TLP:AMBER+STRICT.
 <b>TLP:GREEN</b> Limited disclosure, recipients can spread this within their community.	Sources may use TLP:GREEN when information is useful to increase awareness within their wider community.	Recipients may share TLP:GREEN information with peers and partner organizations within their community, but not via publicly accessible channels. TLP:GREEN information may not be shared outside of the community. Note: when “community” is not defined, assume the cybersecurity/defense community.
 <b>TLP: CLEAR</b> Recipients can spread this to the world, there is no limit on disclosure.	Sources may use TLP:CLEAR when information carries minimal or no foreseeable risk of misuse, in accordance with applicable rules and procedures for public release.	Subject to standard copyright rules, TLP:CLEAR information may be shared without restriction.
